

Soundview
Medical Associates

Hartford
HealthCare

Dear patient,

It is with great pleasure that we announce Soundview Medical Associates' partnership with Hartford HealthCare Medical Group (HHC MG).

HHC MG is part of Hartford HealthCare, Connecticut's most comprehensive health network with the resources to help provide you the best access to the highest-quality, safest and most coordinated care.

Soundview has chosen to align with Hartford HealthCare because of our shared values and goals. This alignment will allow us to collaborate with Hartford HealthCare for enhanced services such as behavioral health, chronic care management and cardiac care — to name just a few.

Soundview will be the flagship practice for Hartford HealthCare in Fairfield County. Hartford HealthCare includes more than 21,000 employees and 300 locations across Connecticut, including seven hospitals, following the recent acquisition of St. Vincent's Medical Center in Bridgeport.

Additionally, our relationship connects you to Hartford HealthCare's world-class electronic health record system, which can make your patient records easily accessible no matter where you seek care in the Hartford HealthCare system.

With this exciting new partnership, Soundview's providers, staff, locations, phone numbers and hours will not change. If you have a scheduled appointment, that will not change either. There is no need to call and confirm your appointment. As always, please remember to bring your photo ID and insurance card(s).

Soundview's roots are in Fairfield County, the commitment to patient-centered care and collaborating with your other physicians will continue.

Thank you for choosing Soundview Medical Associates' for your care. This affiliation with Hartford HealthCare will help enhance and improve the care you receive. We are excited about this decision to advance our mission, and we look forward to continuing to serve you.

Sincerely,

Dr. Frank Sammarco
